

## 50 HELLO GIRLS STICK TO POSTS; FIRE ABOVE THEM

Blaze in Eagle Building Cuts  
Off Thousands of Patrons  
in Two Exchanges.

Fifty telephone girls stuck to their posts at 5 A. M. to-day during a fire in the Eagle Building, Nos. 51 to 57 Franklin Street, an eight-story structure in which the New York Telephone Company has its work and Franklin exchanges.

The twenty-five girls of the night shift of the Franklin exchange were on the seventh floor, directly below the flames, but although a volume of smoke drifted into their windows not one left her post. The twenty-five girls of the day shift on the second floor did not get any of the smoke, and like the ones on the seventh floor remained on duty.

An automatic alarm brought the firemen. In a short time thousands of telephones in the Franklin and North exchange districts were out of commission.

Many of the merchants who do a big early morning business largely through telephone orders were completely cut off from their customers. When attempts were made to reach them by phone customers were told there was an indefinite delay.

## Thin Folks Who Would Be Fat

Increase in Weight Ten Pounds or More.

"I'd certainly give most anything to be able to put up a few pounds and stay that way," declares every excessively thin man or woman. Such a result is not impossible, despite past failures. Thin people are victims of mal-nutrition, a condition which prevents the fatty elements of food from being taken up by the blood as they are when the powers of nutrition are normal. Instead of getting into the blood, all the fat and flesh producing elements stay in the intestines until they pass from the body as waste.

To correct this condition and to produce a healthy, normal amount of fat the nutritive processes must be artificially supplied with the power which nature has denied them. This can best be accomplished by eating a Sargol tablet with every meal. Sargol is a scientific combination of six of the most effective elements known to the medical profession. Taken with meals, it mixes with the food to turn the sugars and starches into rich, ripe nourishment for the tissues and blood, and its rapid effect is remarkable. Reported gains of from ten to twenty-five pounds in a single month are by no means infrequent. Yet its action is perfectly natural and absolutely harmless. Sargol is sold by good druggists everywhere and every package contains a guarantee of weight increase or money back.

Note—While Sargol has produced remarkable results in the treatment of nervous indigestion and general stomach disorders, it should not, owing to its remarkable flesh producing effect, be used by those who are not willing to increase their weight ten pounds or more.—Advt.

## This Leaves the Skin Free From Hairy Growths

(Toilet Talks)  
A simple method for completely removing every trace of hair or fuzz is here given. This is painless and usually a single treatment will banish even stubborn growths. To remove hairs, make a thick paste with some powdered deodorant and water, spread on hairy surface and after about 2 minutes rub off, wash the skin and the hairs are gone. This method will not mar the skin, but to avoid disappointment, be certain you get de-lonox.—Advt.

## BODY OF SLAIN MAN IS FOUND IN RIVER

Cuts on Face and Bruises on Head  
Cause Detectives to Begin  
Investigation.

The body of a poorly dressed man, with three cuts on his face, which, the police say, are probably stab wounds, and a bruise on the back of his head, was found floating in the East River at One Hundred and Second Street to-day. Detectives suspect murder. None of the cuts was sufficient to cause death, but the nature of the bruise will have to be determined by an autopsy which Coroner Hellenstein has ordered.

The man was about thirty years old, apparently a laborer, clean shaven and with black hair. He was about 5 feet 8 inches in height and weighed about 150 pounds. A ticket for a meal supplied by the Immigrant Guide and Transportation Relief Station for the Unemployed was found in his pocket.

## HIS CHANGE OF SUIT MAY LEAD TO DIVORCE

Mrs. Edward F. Robertson Names  
Miss Mina Tempest, Named in  
Another Case, Correspondent.

The fact that Edward F. Robertson, a millionaire importer of No. 27 Ferry Street, went into the fashionable Sonoma Apartments in a pepper and salt Norfolk suit and emerged hours later in a black suit, led to the discovery by his wife, Mrs. Laurien C. Robertson, of No. 200 West Fifty-eighth Street, that he was maintaining Miss Mina Tempest in lavish style.

Mrs. Robertson told of her husband's duplicity in a suit for divorce filed in the Supreme Court to-day. To-morrow the case will come up for trial in Justice Delahanty's part of the Supreme Court.

This is not the first time that Miss Tempest has figured as correspondent in divorce proceedings. Last January she was named in a successful suit brought by Mrs. Mildred G. Bell against James E. Bell, a rich young Wall Street broker.

Justice Greenbaum awarded Mrs. Robertson \$100 a week alimony and \$1,000 counsel fees.

## OBJECTS TO SINGING; BULLET IS THE REPLY

But Woman Who Fired the Shot  
Says Gun Went Off by  
Accident.

Madam Alda De Marlon, a pretty young singer for a phonograph company, tearfully explained to Magistrate House in the West Farms Court to-day that she did not mean to fire a shot into the rooms of a neighbor last night.

Isadore Robbins, an employee of the Mutual Life Insurance Company, who lives in an apartment adjoining the De Marlon apartment, at No. 609 East One Hundred and Seventieth Street, had told the Court he had been annoyed by singing from Madam's apartment. When the sounds continued after midnight, Robbins said, he tapped on the wall. Then a bullet tore through the wall into his apartment. His wife was struck by a splinter from the woodwork, but was not seriously hurt.

Madam De Marlon said she had been entertaining friends and was showing them the guns owned by her husband, when one suddenly went off.

Magistrate House held her in \$500 bail, which was furnished.

## BROADWAY MERCHANTS IN PROTEST AGAINST SUBWAY VENTILATION

Declare Surface Gratings Drive  
Pedestrians Away and Cause  
Congestion.

Members of the Broadway Association appeared before the Public Service Commission to-day and entered a strong protest against ventilating the new Broadway subway with sidewalk gratings. The protest was augmented by one from Borough President Marks.

Among the business men present were: Jesse I. Straus of R. H. Macy & Co., W. S. Wilson of the Hotel Martineau, John David, a Broadway merchant; August Janssen, E. J. Hoodgood, Nathan L. Ottlinger, W. J. Salomon, P. J. Zagat, Walter Chandler Jr., H. R. Mallow and H. G. Opyke.

The association met earlier in the Hotel Martineau and adopted the following resolution:

"Resolved, That a final appeal to the Public Service Commission be made at the hearing this day and that the great interests of the property owners and business men must be considered, and unless the plan to use sidewalks for ventilation on Broadway is immediately abandoned immeasurable loss will be sustained. Business on the thoroughfare is in such condition to-day that any plan adopted that will divert trade from Broadway, will add to the burden of the taxpayers."

The members say the bad feature of the surface gratings is that because foul air is discharged through them, pedestrians take to the portions of the sidewalk unoccupied by gratings, causing congestion.

As representative of a kiosk com-

pany Leslie J. Tompkins offered to install ventilating kiosks along the subway route if given the privilege of using them for advertising purposes. The Commission took no action to-day.
